Krav Maga Law Enforcement Defense Tactics (USKMA Instructor Certification Course) April 23-27, 2012

Victory Defense Consulting thru cooperation with the United States Krav Maga Association (USKMA) brings to Colorado once again the USKMA Certified Krav Maga Law Enforcement Defense Tactics (40+ hr) Instructor Certification Course. Certificates are registered and maintained by USKMA Headquarters and all testing will be done by a USKMA Certified Instructor Trainer.

Krav Maga is a concept-based system, not technique-based. The system was initially taught only to the Israeli Defense Forces, National Police, and Secret Service. The incredible effectiveness of Krav Maga has led to the system being introduced throughout the world and becoming widely popular. One reason for this is because the techniques are simple, easy-to-perform, and extremely effective. It's a system that the Colorado State Patrol has evaluated and now adopted in part for their agency.

This hands on USKMA Certified Instructor Level Krav Maga Defense Tactics course is specifically designed for Law Enforcement, Security, and Military Defensive Tactics Instructors. Victory Defense Consulting & USKMA is here to ensure you learn the techniques well while also learning instructor techniques that will be taken back to the student instructor's departments. You and your students will be learning a proven system that is easy to learn, easy to use with confidence, and will provide greater officer safety in the field.

PRIMARY TRAINING OBJECTIVES:

Self Defense using Krav Maga	Defense against Handgun Threats & Disarms
Defense against Blunt Object Threats & Disarms	Defense against Long Gun Threats & Disarms
